ENTERPRISE

ENTERPRISE

CAPITAL

## Understanding Needs. Creating Solutions.

Capital is the oxygen of small business; finding the resources and expertise to fund future growth is critical. Having a relationship with a dedicated financial partner who understands your needs can get you there.

Enterprising Capital is an independent equipment leasing company committed to providing effective financial solutions for enterprise. The company focuses on the development of customized financial solutions in the following areas:

- + Private label financing for dealers, manufacturers and vendors
- + End-user equipment financing for small businesses
- + Capital markets programs for intermediaries and financial institutions

Enterprising Capital is managed by industry professionals with over 50 years experience in the equipment leasing and commercial finance industries. The firm offers competitive rates, flexible solutions, a commitment to service and the resources and knowledge to get the job done right.

"Enterprising Capital's process and service were fast, efficient and seamless. I've financed a lot of projects over the years and this was one of my best experiences ever."

Greg Green, Chairman  
OneEighty Networks

## Private Label Financing For Dealers, Manufacturers and Vendors

Financing customer purchases can be complex and time consuming. By partnering with Enterprising Capital, you can offer quick and easy financing, flexible terms and favorable rates. You eliminate potential lost sales and delays — improving customer service and increasing revenues.

The company employs high speed, proprietary technology to rapidly process and approve customer transactions. The online application, private labeled with your company's logo and corporate identity, is transparent to your customers, simple to use, and fast.

Beyond just financing and leasing, Enterprising Capital can help you satisfy customers and generate profits.

## Fast and Easy:

Answer a few simple questions and Enterprising Capital's Lease Card program can prequalify you for up to \$75,000 in no-hassle financing for capital expenditures.

## End User Financing

Enterprising Capital provides value-added delivery of financing and leasing solutions to small and medium sized end-users throughout the country. The company finances a variety of essential use, income producing, equipment, including:

- + transportation equipment and rolling stock
- + excavators, graders, and bulldozers
- + machine tools and industrial machines
- + computers, networking equipment and hardware

- + software and enterprise applications
- + office machines
- + manufacturing equipment
- + medical, dental and hospital equipment

Whether your company needs to network 100 new workstations or install the latest productivity upgrade to your manufacturing plant, Enterprising Capital offers excellent customer service, competitive pricing, flexible terms and a commitment to your success.

## Secondary Market Finance

Enterprising Capital through our managed affiliate, Enterprising Lease Fund, LLC (ELF) actively seeks quality, small ticket portfolios between \$5-\$10 million for purchase.

In addition, the company develops programs and opportunities for qualified, third party intermediaries. The firm purchases quality "one-off" transactions and participates in ongoing "flow" and discounting programs for high-volume intermediaries and discounters.

### Case in Point:

Enterprising Capital arranged debt and equity financing of \$2,500,000 to expand and upgrade facilities for OneEighty Networks, a northwest broadband internet provider.

One Eighty Networks  
Merchandise Facility

The undersigned arranged the above debt and equity financing and acted as placement agent for the parties.  
Enterprising Capital Partners, Inc.

## Some of our clients

- + One Eighty Networks
- + Rottler Financing
- + Sanson Machinery Group
- + Woodward Equipment Company
